## OUR POSITIONING

---

**HAW Hamburg is the university of applied sciences for people who want to help shape the world.**

In the claim, we communicate the positioning and the promise in a brief, unifying statement.

#### OUR CLAIM

---

**HAW Hamburg.**  
**Because you can make a difference.**

The motivation to make a difference and create change is the reason to choose us as a university. However, the claim intentionally leaves open what can be changed. This could also be people's own goals. We allow space for individual interpretations.

## LIVING AND LOVING THE BRAND.

---

Our brand is more than just a logo, a claim or a good design. It builds trust, generates positive associations and creates joint experiences.

This is what our brand stories are for. They explain, concisely and without fuss, why people simply have to love us.
