

2023 Carpe Symposium

24-26 MAY 2023

The CARPE steering group - together with the CARPE Special Interest Group leads - kindly ask its members to save the date for the CARPE Symposium on 24-26 May 2023 at University of the West of Scotland.

We look forward to meeting face-to-face with our colleagues, members, and friends again. Our Symposium will be a unique and practical event that offers CARPE Special Interest Group members the opportunity to interact and learn from each other. Each CARPE Special Interest Group (SIG) will work on addressing a specific grand challenge during the Symposium.

The Symposium is designed to build collaboration and strengthen the impact of research and innovation across our network, in developing and supporting EU policies, while tackling global challenges.

You are kindly asked to take note of the dates which allow for travel to Scotland. Registration will open on Tuesday 7 February 2023. Each CARPE member has 25 guaranteed places to allocate to the Symposium and the Symposium dinner on 25 May.

Should you have any questions, please contact carpesymposium2023@uws.ac.uk
