Our brand identity
A brand doesn’t need to send out sparks in every direction like fireworks. It should be more like a campfire that people gather around of their own free will to share their stories with one another.

YOUSEF HAMMOUDAH
WE ARE HAW HAMBURG.

What we develop at HAW Hamburg has a direct impact on society. This makes it all the more important to clearly express the core elements that make our university what it is: our values, our goals and our self-image.

The following pages provide a picture of this brand identity. HAW Hamburg students and staff can use this guide to understand how they can best represent our brand.

A CLEAR MISSION.

We are the university of applied sciences for people who want to engage actively with the world. Knowledge, action, change: each day, these intrinsically linked values inspire us to meet and tackle the societal and technological challenges of our time. As well as providing the specialists and managers of tomorrow with the interdisciplinary knowledge they will need in their future careers, we seek to advance their problem-solving skills and their awareness of their responsibility in and to the world.

With the applied sciences at the heart of all we do, we work hand in hand to create a visionary campus with a positive and enduring effect on Hamburg and the surrounding region.

HAW Hamburg. Because you can make a difference.
Clearly defined values and characteristics drive every aspect of our thinking and our actions. They determine how we interact with one another, what we do, what goals we set and our attitude as we pursue them. They thus form the core of our brand.

We nurture talent and see ourselves as a supportive coach. Responsible. HAW Hamburg promotes educational justice, and we take on responsibility for societal progress. We not only develop sustainable solutions to the challenges of our time but also make the well-being of our students a focus of our work. For example, we actively support student health management at our university through the CamPuls project.

Open-minded. We create a diverse environment for our community. Made up of people from over 100 nations, HAW Hamburg is an international university. It also cooperates with more than 140 universities around the world.

OUR POSITIONING

HAW Hamburg is the university of applied sciences for people who want to help shape the world.
In the claim, we communicate the positioning and the promise in a brief, unifying statement.

OUR CLAIM

HAW Hamburg. Because you can make a difference.

The motivation to make a difference and create change is the reason to choose us as a university. However, the claim intentionally leaves open what can be changed. This could also be people's own goals. We allow space for individual interpretations.
Our brand is more than just a logo, a claim or a good design. It builds trust, generates positive associations and creates joint experiences. This is what our brand stories are for. They explain, concisely and without fuss, why people simply have to love us.

Our students acquire the skills that society will urgently need in future. Our employees make a valuable contribution to ensuring regional, national and international educational quality.

Together we are working towards a sustainable transformation.
HAW Hamburg stands for change. But there are still a few things that should always stay the same. Alongside our values and ideals, this applies above all to our unmistakable signature.
By speaking with one voice, we ensure that our messages can be heard among the many voices that make up the media.

Especially for a university with the stated goal of working for change, a solid brand is essential. It is both inspiration and calling card. For prospective students, it provides guidance in choosing a university. For the public and partners, it communicates what we stand for as an institution. It shapes our work culture and is the guiding star for our future development.

HAW HAMBURG’S VALUES, PRINCIPLES AND CHARACTERISTICS ARE RELEVANT EVERYWHERE THAT PEOPLE FROM THE UNIVERSITY INTERACT OR COMMUNICATE ON ITS BEHALF.
