

# Elective Project CJ1

for study program IE (6th semester)

## Goal of the Elective Project

The elective project CJ1 offers a possibility to work on a self-defined subject in a team of 4 persons to gather experience in the management of technically complex projects and to improve your skills to cooperate in teams.

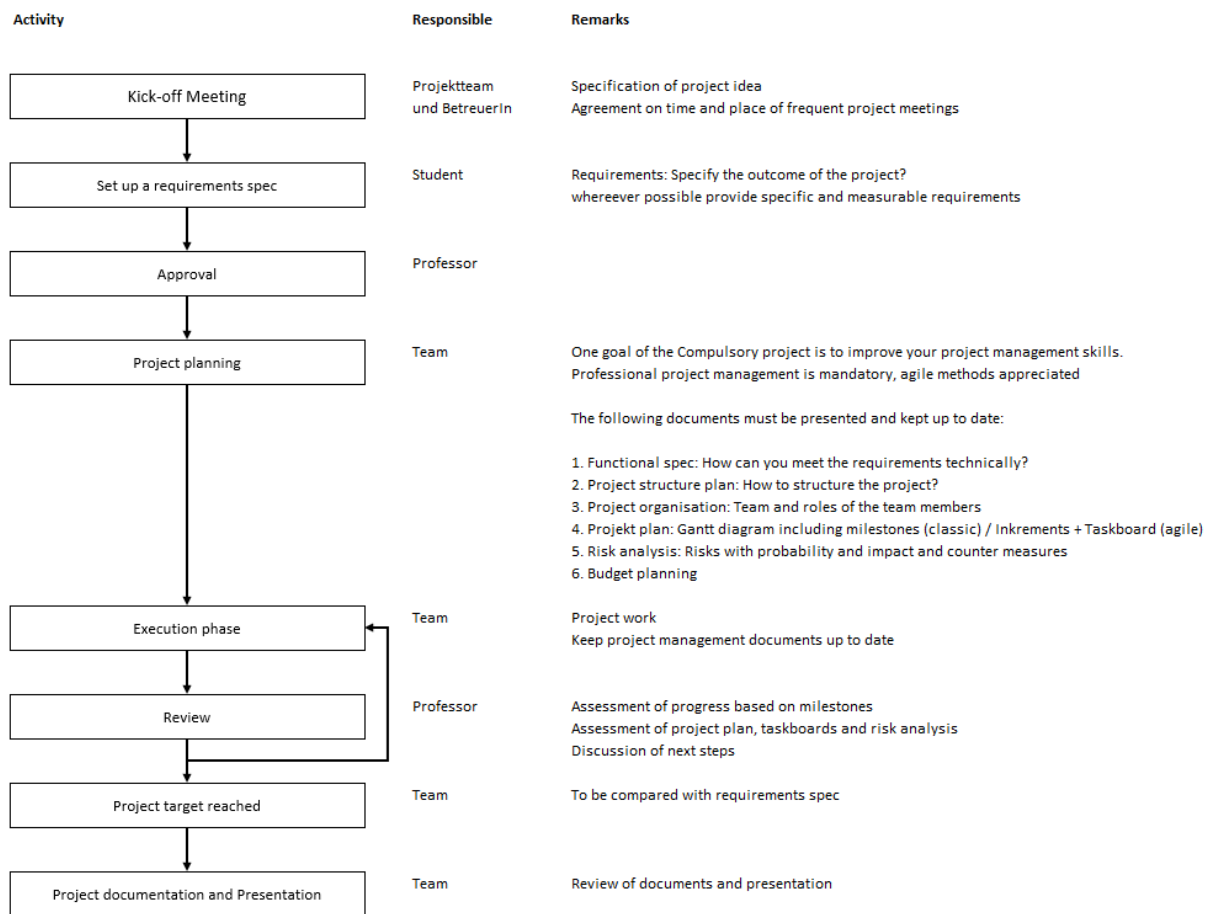

## Schedule

The Elective project is intended as take place in parallel to your regular 6<sup>th</sup> semester time but can also be carried out as one full-time block.
