Authority access during the  
exam:

### STUDENT INFORMATION (TO BE COMPLETED BY THE STUDENT)

Family name(s), given name(s):

Student ID no.

I, \_\_\_\_\_, declare that I will complete the exam using my own words and knowledge and only those tools, references and books permitted. In particular, I declare that I will not use the assistance of other people, live or online, and will not copy words, sentences, numbers, formulas, code or any other content from sources other than my own work.

I am aware that using the intellectual property of third parties is a serious violation of exam rules and that plagiarism of others' work is considered cheating, which will result in a failing grade on the exam.

I am also aware that a false declaration can result in exclusion from the exam, which will then be considered a failing grade.
